THE Married Woman's Private Medical Companion, by Dr. A. M. Mauriceau, professor of discusses of women, 3d edition, 18.00., pp. 250; prize \$1.25,000 oppics sold in three months.

The great demap! for this most important work (of which thousands are sold) has compelled the issue of another edition. It is intended especially for the married, as it discusses important secrets which should be known to them particularly. Here every female can discover the causes, symptoms, and the most efficient remedies and most certain modes of cure, in every complaint to which her sex is subject.

most certain modes of cure, in every complaint to which her sex is subject.

It is an important question to the married why it is that we behold so many married females sickly, debilitated, and prostrated, as also the causes, and whether they are susceptible of remedy. They will here find these important matters, connected with discoveries in medical and physiological science, which meet this question.

This work is destined to be in the hands of every wife and mother who has a regard for her own health and welfare, as well as that of her husband.

The revelations contained in its pages have already proved a blessing to true ands.

To those yet animarried, but contemplating marriage, or perhaps hesitating as to the propriety of incurring the responsibilities attendant upon it, the importance of being possessed of the revelations contained in these pages, so maintained in the sexual procedured.

minimately involving their future happiness, cannot be appreciated.

Copies will be sent by mail free of postage.

On the receipt of one dollar, the "Married Woman's Private Medical Companion" will be sent tree of postage to any part of the United States. All letters must be addressed (post paid) to Dr. A. M. JONES'S Italian Chemical Soap.—Reader is your skin chapped or cracked? If so, a cake of the true and genuine Jones's Italian Chemical Soap will make it snooth, soft, white and fine.

Have you pimples or salt rheum? I have seen Jones's soap cure the worst and oldest cases, when every internal and external remedy failed.

Have you a sore beard or sore head? You are conscientiously assured that one cake will cure you. But do not suppose that the many counterfeits possess any of its qualities; many of the imitations of Jones's soap are nothing but commou soap. Jones's soap is used by physicians.

But once more, reader, be careful of cheap counterfeits and imitations. See that the name of T. JONES is on the wrapper, and buy it nowhere else but at

LED proposals (endorsed "Proposals for Coal") will Bureau of Construction, Equipment, and Repair,
February 16, 1848.

SEALED proposals (endorsed "Proposals for Coal") will be
received at this bureau until 8 o'clock, p. m., of the 17th
March next, for furnishing and delivering at such ports of
places in the Gulf of Mexico as the bureau may direct, or
on board any vessel in the Gulf of Mexico that the commanding naval officer may direct on its arrival, such quantity or quantities of the best bituminous lump coal, suitable
for steamers, as may, from time to time, during twelve
months from the date of the contract, be ordered by this
bureau, on fifteen days previous notice being given for its
shipment—the deliveries to be made as soon thereafter as
practicable.

The coal must be such as shall be approved by persons
who will be appointed by the bureau to inspect and examine it before being shipped; and the vessels employed
in transporting it shall, in no case, exceed the draught of
water specified by the bureau.

One lay day (Sundays excepted) to be allowed for every
twenty-five tons burden for each vessel, to commence from
the next day after she is reported to have arrived at her
place of destination.

The commanding naval officer of the United States
squadron in the Gulf of Mexico to have the right of destining vessels longer than may be necessary to deliver the coal,
if he should deem it expedient; in which case, demurrage
will be paid by the United States at the rate agreed upon
The rate of demurrage asked per ton, custom-house measurement of the vessel, for each day's detention over the lay
days, must be stated in the respective offers.

Persons who may be desirous to offer, are requested not
to go beyond the quantity they can ocertainly deliver at the
times which may be specified in the orders, as no extension of time can or will be granted, and in all cases forfeitures will be rigidly exacted.

Bonds, with two approved sureties, will be required in
half the estimated amount of the contract, and ten per cent.
will be deducted from all bills, whic

remaining ninety per cent. of all bills duly approved will be paid within thirty days after their presentation to the proper authority.

Every ofter must be accompanied by a written guaranty (signed by one or more responsible persons) to the effect that he or they undertake that the bidder, or bidders, will, if his or their bid be accepted, enter into an obligation within five days, with good and sufficient sureties, to furnish the coal as proposed. No proposal will be considered unless accompanied by such guaranty.

The bureau reserves the right of rejecting offers submitted by persons who have failed to enter into contract after their offers had been accepted; or who, after entering into contracts, failed to fulfil them The offers must state the pits from which the coal will be taken.

SPITTING BLOOD.

New Yore, April 23, 1847.

Dr. Townsend: I verily believe that your sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your sarsaparilla but a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,

WM. RUSSELL, 65 Catharine street.

LOST HER SPEECH.

LOST HER SPEECH.

The annexed certificate tells a simple and truthful story of suffering and relief. There are thousands of similar cases in this city and Brooklyn, and yet there are thousands of parents who let their children die for fear of being humburged, or to save a few shillings:

BROOKLYN, September 13, 1847.

DR. TOWNSEND: I take pleasure in stating, for the benefit of those whom it may concern, that my daughter, two years and six months old, was afflicted with general debitity and loss of speech. She was given up as past fecovery by our family physician; but fortunately I was recommended by a friend to try your sarsaparilla. Before having used one bottle she recovered her speech and was enabled to walk alone, to the astonishment of all who were acquainted with the circumstances. She is now quite well and in much better health than she has been for eighteen months past.

JOSEPH TAYLOR, 128 York st., Brooklyn.

TWO CHILDREN SAVED.

Very few families, indeed—in fact we have not heard of one—that used Dr. Townsend's Sarsaparilla in time, lost any children the past summer, while those that did not, sickened and died. The certificate we publish below is conclusive evidence of its value, and is only another instance of its saving the lives of children:

stance of its saving the lives of children:

MINITED ALBOWN, BROGGETT, SCH. 15, 1547.

DR. TOWNEED: Dear sir—I had two children cured by your Sarsaparills of the summer complaint and dysentery; one was only fifteen mouthsold, and the other three years. They were eary much reduced, and we expected they would die; they were given up by two respectable physicians. When the doctor informed us that we must lose them, we resolved to try your Sarsaparilla we had heard so much stuff it addittle condidence, there being so much stuff advertised that is worthless; but we are very thankful that we did, for it indoubtedly saved the lives of both. I write this that others may be induced to use it.

LUNATIC ASYLUM.

James Cummings, esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:

RHEUMATISM.

This is only one of more than four thousand cases of rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues:

BLACKWELL'S ISLAND, Sept. 14, 1847.

Dr. Townsend: Dear Sir: I have auffered terribly for nine years with rheumatism; considerable of the time I could not eat, sleep, or work; I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars' worth of good—I am so much better. Indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.

Yours, respectfully, JAMES CUMMINGS.

COULD NOT WALK.

That Dr. Townsend's Sarsaparilla is the very best remedy for female complaints, there is no disputing. Thousands and thousands of weak and debilitated females, that were prostrated by those diseases to which females are subject, were soon in the enjoyment of robust health.

subject, were soon in the enjoyment of robust health.

New Yoax, Sept. 23, 1847.

Dr. Towssend: Dear Sir: My wife has for the last year been very sick, and in a greatly reduced state of health, being reduced by a variety of complaints such as females are liable to. She got so bad at length, that she was cetirely unable to walk, and was as helpless as a child. She commenced using your Sarsaparilla, and she immediately began to regain her strength, her complaints left her, and after taking several bottles she is restored. Being a singular case, I have thought it might do good to publish it. She used a number of remedies that did her no good previously. Yours, respectfully. Yours, respectfully.

TO THE LADIES.

GREAT FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient consumption, and for the general prostration of the system, no matter whether the result of inherent cause, or causes produced by irregularity, illness, or accident.

socident.

Nothing can be more surprising than its invigorating efects on the human frame. Persons, all weakness and iassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the
legvelessness of the female frame, which is the great cause

Dr. Townskno: My wife being greatly distressed by weakness and general deblity, and suffering continually by pain and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints, and restored her to health. Being grateful for the benefit she received, I take great pleasure in thus acknowledging it, and recommending it to the public.

To MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female, who has reason to suppose she is approaching that critical period—"the turn of life"—should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at that time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanbood, as it is calculated to assist nature by quekening the blood and invigorating the system. In the diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body—nor far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease.

DISEASE OF THE HEART, RUTTURE, AND DROPSY.

Dr. Townsend: Dear sir: My wife has been siflicted with a disease of the heart, and with a terrible rupture, for over fifteen years. The greater part of the time she has been stroubled with shortness of breath and great fluttering of the heart, which has been very distensing, and has frequently been unable to leave her bed. The rupture was very large and savere. She tried almost every remedy for such cases, with but little benefit. When she had taken but three bottles of your excellent medicine, ahe was entirely relieved of the disease of the heart, and the rupture has aimset entirely disappeared. She has also had the dropsy, and was very much swollen. We had no idea that she could be so benefited, as she had such a complication of diseases. But it has, as strange as it may appear, relieved the of the dropsy. I am aware that this statement is so strange as to appear almost like fiction; but it is, nevertheless, soher reality. Your saraparilia is certainly a valuable medicine, and should be used by every one that is suffering as we have been. If any distributed this secount, they are at liberty to call at my hours and have ocular demonstration.

DYSPEPSIA.

mearly resembles the gastric juice or saliva in decomposing stood, and strengthening the organs of digestion, as this preparation of sarssparfilla. It positively cures every case of dyspepsia, however severe or chrotic:

Dr. Towssen: Siz: I have been afficied for several years with dyspepsia, in its worst form, attended with sourness of stomach, loss of appetite, extreme heartfure, and a great aversion to all kinds of food, and for weeks (what could eat) I have been unable to retain but a small portion on my etomach. I tried the usual remedies, but they had little or no effect in removing the complaint; I was induced, about two mouths since, to try your extract of sarsaparilla, and I must say with little confidence; but after using nearly two bettles. I found my appetite restored, and the heartfurn entirely removed; and I would earnestly recommend the use of it to those who have been affilied as I have been.
